"MY GOOD MAN, DON'T YOU EVER FORGET ANYTHING?"

### MAINTENANCE OF AMERICAN RIGHTS.

Had this government by the use of both informal and formal diplomatic opportunities left no doubt that when we said "strict accountability" we meant precisely what we said and that we should unhesitatingly vindicate that position I am confident that there would have been no destruction of American lives by the sinking of the Lusitania. There we had ample notice—in fact, published notice. Furthermore, we knew the situation, and we did not require specific notice. Instead of whittling away our formal statements by equivocal conversations, we needed the straight, direct and decisive representations which every diplomat and foreign office would understand. I believe that in this way we should have been spared the repeated assaults on American lives. Moreover, a firm American policy would have been strongly supported by our people and the opportunities for the development of bitter feeling would have been vastly reduced.—From Mr. Hughes' Speech of Acceptance.

### THE COMPELLING PERORATION TO MR. HUGHES' ACCEPTANCE SPEECH.

We live in a fateful hour. In a true sense, the contest for the preservation of the Nation is never ended. We must still be imbued with the spirit of heroic sacrifice which gave us our country and brought us safely through the days of civil war. We renew our pledge to the ancient ideals of individual liberty, of opportunity denied to none because of race or creed, of unswerving loyalty. We have a vision of America prepared and secure; strong and just; equal to her tasks; an exemplar of the capacity and efficiency of a free people. I indorse the platform adopted by the Convention and accept its nomination.

## Brief Sentences Featuring the Speech of Acceptence of Charles E. Hughes.

America First and America Efficient.

We are too great a country to require of our citizens who are engaged in peaceful vocations the sort of military service to which they are now called.

We cherish no illusions. We know that the recurrence of war is not to be prevented by pious wishes.

We denounce all plots and conspiracies in the interest of any foreign nation.

Adequate preparedness is not militarism.

During this critical period the only danger of war has lain in the weak course of the administration.

The nation has no policy of aggression toward Mexico. We have no desire for any part of her territory.

We propose that in the competitive struggle that is about to come the American workingman shall not suffer

This representative gathering is a happy augury. It means the strength of reunion. It means that the party of Lincoln is restored, alert, effective.

The dealings of the administration with Mexico constitute a confused chapter of blunders. It is a record which cannot be examined without a profound sense of humiliation.

We must take Vera Cruz to get Huerta out of office and trust to other nations to get our own citizens out of peril. What a travesty of international policy!

Destroying the government of Huerta, we left Mexico to the ravages of revolution.

I stand for adequate federal workmen's compensation laws.

The administration was to seize and punish Villa for his outrage on our soil. It has not punished any one; we went in only to retire.

I favor the vote for women.

### FAVORS WOMAN SUFFRAGE.

Some time ago a consideration of our economic conditions and tendencies, of the position of women in gainful occupations, of the nature and course of the demand, led me to the conclusion that the granting of suffrage to women is inevitable. Opposition may delay, but in my judgment cannot defeat this movement. If women are to have the vote, as I believe they are, it seems to me entirely clear that in the interest of the public life of this country the contest should be ended promptly. I favor the vote for women. —From Mr. Hughes' Speech of Acceptance.

### "AMERICA FIRST AND AMERICA EFFICIENT."

We come to state in a plain and direct manner our faith, our purpose and our pledge. This representative gathering is a happy augury. It means the strength of reunion. It means that the party of Lincoln is restored, alert, effective. It means the unity of a common perception of paramount national needs. It means that we are neither deceived nor benumbed by abnormal conditions. We know that we are in a critical period, perhaps more critical than any period since the civil war. We need a dominant sense of national unity, the exercise of our best constructive powers, the vigor and resourcefulness of a quickened America. We desire that the Republican party as a great liberty party shall be the agency of national achievement, the organ of the effective expression of dominant Americanism. What do I mean by that? I mean America conscious of power, awake to obligation, erect in self respect, prepared for every emergency, devoted to the ideals of peace, instinct with the spirit of human brotherhood, safeguarding both individual opportunity and the public interest, maintaining a well ordered constitutional system adapted to local self government without the sacrifice of essential national authority, appreciating the necessity of stability, expert knowledge and thorough organization as the indispensable conditions of security and progress; a country loved by its citizens with a patriotic fervor permitting no division in their allegiance and no rivals in their affection—I mean America first and America efficient. It is in this spirit that I respond to your summons.—From Mr. Hughes' speech of acceptance.

### "WHERE WAS COMPANY FOUR" or "GRIPPED BY THE IRON CLAW"

Is Company Four, any more
A Fire Company, of this community?
Can the foreman and a quorum
Hold a meeting, and do the act of beating
Before the hour of eight, in order not to be late
For the "first show",—Do you know?

Diligent Chief Ryan, is now trying
To impartially decide, but can not hide
That it is with dismay, tho he turn either way
The same solution, will not help confusion
Of the big question; that would keep you guessin'
Therefore wait a shake, and hear the Company's fate.

On Monday night, the hour not seven quite,
The bell did ring, bing! bing! bing! bing!
Four taps were beating, meant there was a meeting
Of Company Four, with members one score.
Some that heard it surely, but knew that it was early
For they could wait, as the meeting was always at eight.

At seven-forty-five, several members arrived
But saw no men, and they wondered then,
For no one could tell, just who rang the bell.
It was then decided and by this decision they abided
That the ringer had been called away, and that they
Would wait, for the hour of eight.

No men appeared, and these several feared
That a "Still alarm" had done the horm
By taking their men,—and to bring them back again,
They tolled the bell, and its peeling fell
Just across the street, where sat in their seats
Twenty members in all, interested in the "Iron Claw".

There were just four of 'em but 'twas enough for a quorum
And a meeting was held, after their again ringing the bell
And it was the order, of the then elected foreman,
That the absent twenty, alto considered many,
Should be suspended, even tho they were offended
As this was the second meeting, from which they did the fleeting.

Now Company Four, has held the best score
For attendance by members, altho its fire defenders
Are the youngest and some say the most robust
Of all the Companiese, excepting nobody's
So it may be, the movies, will have to choose Tuesdays
To show the "Iron Claw", for the preservation of "Four."

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
**Charles E. Hughes**
FOR VICE PRESIDENT
**Charles W. Fairbanks**
FOR UNITED STATES SENATOR
**Hiram W. Johnson**
FOR CONGRESS
**E. A. Hayes**

### HIRAM JOHNSON ENDORSED

This paper strongly supported the candidacy of Willis H. Booth for the United States senate for two reasons—first, that he was the only out and out Republican running for the office, and secondly that we believed the southern portion of the state was entitled to the position this year in view that Mr. Phelan was the senator from the north. We had no quarrel with Governor Johnson outside of the fact that we believed he was not entitled to the Republican nomination, he being a Progressive. However, the Republican party of the State has spoken and we bow to its will. We will from now on until the seventh of November work with all the ability we have for the success of the entire Republican ticket. We urge all Republicans to do likewise.

### CROCKER AND KEESLING THE BURDEN BEARERS

The National Republican committee and the various State central committees are organizations to whom fall the duty of political decision.

In the campaign just closed W. H. Crocker was National Committeeman. Francis V. Keesling was chairman of the State central committee.

These men combined formed one unit of the great national Republican organization. They were the judges. From out the tangled maze of political confusion they were the compulsory budren bearers.

What can bring relief to human brain that must be stronger than steel or iron, or tungsten threads of wire? Yet there was relief. Tuesday brought relief. Their work well done, these able generals could average their victories and losses and wipe the slate.

To W. H. Crocker there are no new combinations in politics. The victory of a day is but an incident. No matter what the outcome, the average is always good.

His able co-worker, Francis V. Keesling, chairman of the Republican state central committee, proved himself more than equal to every emergency. His keen legal instinct enabled him to rise superior to all issues and move steadily along.

These men illustrate the real strength that holds parties together. They are always victors greater or less and are superior to defeat. Each day has its great problems for them. Nothing else counts.

### THE STRIKE

Unless all signs fail, the much-heralded railroad strike will begin next Monday. Not since 1894, a little over twenty-two years ago, has anything approached this trouble in its breath of scope been threatened. Much history was made inside of three weeks in June, 1894. Grover Cleveland wrote his own political finish, but he broke the strike by the use of federal troops.

On account of the very great extension of trolley lines and highways and the introduction of the automobile, a railroad strike will not cause the degree of commercial paralysis that it did then. However, it is serious enough, and if long continued it will cause untold losses not only to men and lines but chiefly to innocent victims by crippling industries.

It is scarcely to be believed that public opinion will tolerate a cessation of railroad traffic for more than a few days. The public will demand resumption of service under conditions fair to both sides and the side which refuses to recede will get the worst of it.

This crisis may bring the day of government ownership much nearer. It certainly will promote the cause of government regulation. If the government can properly fix rates it can also fix hours and wages, and it must surely come to this. With these functions assumed by the public it will be but a short step to public ownership, and probably private investors will not be as reluctant to see this come about as many imagine.

Meanwhile the auto truck and the jitney bus will flurish with redoubled vigor. They will have a chance to show what they can really do toward finally displacing the railroads in all business except long and heavy hauls.—Palo Alto Times.

### WILLARD POLLS SURPRISINGLY LARGE VOTE

The big surprise of the election was the large vote received by John D. Willard for the Assembly. In

**Assemblyman Elect, John D. Willard**

nearly every precinct he ran ahead of his opponents. The splendid support given by the voters throughout the county to Mr. Willard demonstrates his popularity. He is clean cut and a young man of ability, moral worth and strength of character. Mr. Willard is certain to be one of the leaders of the next legislature. He possesses ability, sound judgment and a splendid legal knowledge which attributes are certain to make his influence felt at Sacramento next winter. The Times-Gazette was the only paper in the county that supported the candidacy of Mr. Willard and we are proud of that fact. We congratulate Mr. Willard and the people for the wonderful support accorded him by the electroate.

### CONFIDENCE EXPRESSED IN JOHN MacBAIN

The splendid support given Supervisor John MacBain by the voters of the Third township last Tuesday is very gratifying and shows the appreciation of the people for the good work in the way of road-building by the supervisor during his term of office. He has constructed more good roads in the township during the past three and one-half years than was done for thirty years before, then too he has built permanent highways and put in material that will last. No wonder then that he received such a large vote. At Menlo Park where he has done much for the people, he received a clear majority over his opponent of 312 votes out of 412 ballots that were cast. This shows how Mr. MacBain is liked at home. The support he received in Redwood City was also very flattering. Then too Mr. MacBain was opposed by a very nice gentleman. Harry E. Hallett. is a genial man and a skillful vote-getter and one who takes well where ever he goes. However the good roads constructed by Supervisor MacBain was not to be overlooked and the voter felt that Mr. MacBain should be kept at the good work.

### AFTER THE ELECTION IT'S BACK TO WORK

It's the same thing over again—some winners, some losers, but all accepting conditions and getting back to work.

As the returns show, most all the candidates chosen at the Tuesday primary were time-tried people and well-known to voters. Each candidate had evidently been subjected to a careful analysis. The acid test apparently applied was past performance and integrity.

The candidates who did win, therefore, should feel as never before their burden of obligation to the community. It was a people's victory. Mere politics was given the overlook.

We feel an honest gratification in the splendid vote rolled up for U. S. Congressman E. A. Hayes, for John D. Willard, candidate for Assembly, and for John MacBain as Supervisor of Third district.

And we believe that all losers were good losers, because every one experienced enough to be in politics knows thoroughly well that it is a man's game and that not every candidate can be successful.

As to the partisans, the people who identify themselves with a party and are morally bound to do all they can for that party in presenting its appeal to the voters, their duty is done before even a ballot is cast.

The people themselves decide. It is the aggregate of single votes that does the business. On Tuesday they rendered their verdict on the issues presented at that time. And they have chosen some splendid men.

## HALF THE ELECTORS VOTING AT PRIMARY

### Ernest Werder Was Elected Fifth Committeeman in the Third Township

The primary election last Tuesday only brought out a little more than one-half the registered vote. Of a registered vote of nearly 12,000 only 7732 ballots were cast. Of this number, Hiram Johnson received 3554 and Willis H. Booth 1863, a majority of 1691 for the governor. E. A. Hayes received 3779 votes and George Walker 1152, a majority of 2627 for Hayes. For the Assembly F. L. Eksward received 1607, C. Stader1726 and John D. Willard 1924, a majority of 198 votes for Willard over Stader and 317 over Eksward. In the first township, Casey received 1661 votes for supervisor, Dr. Torello 862 and T. Hickey 882. Casey lacks 82 votes of receiving a clear majority over his opponents. Hickey who will be Casey's opponent at the November election, defeated Torello by 20 votes. Joseph Francis had no opposition for supervisor in the fourth township. In the third township John MacBain received 1205 and Harry Hallett 725, a majority of 480 votes for MacBain. Ernest Werder was elected to fifth committeeman in the third township, his name having been written in on the ballot by 37 voters. Mrs. Finkler received 40 votes but she living in the second township cannot qualify.

### YOUNG BACHELORS GRAND BALL

The Young Bachelors grand ball to be held Saturday night, September 16, in Foresters' Hall will be the biggest Redwood City has witnessed for some time. It will come just after the opening of Stanford University and at the opening of the dance season of 1916-1917. You should be there for this reason. There are no other dances in the immediate vicinity on that night and thisfact coupled with the large advertising that is being done, and the fact that the Young Bachelors and their properly conducted dances are well known throughout the peninsula mean a large attendance. The prize waltz contest will commence at 11 o'clock and you want to enter and take home one of the six valuable prizes. The first prize will be a cash prize of ten dollars and the others will be valuable merchandise orders. Judges that understand good waltzing will be picked from different parts of the county which means that every contestant will be assured of a fair chance in the contest. The Young Bachelors cordially invite all spectators to come and witness the big event.

# NEW SHOW HOUSE ON BROADWAY

## Sequoia Theatre, in Civic Center, Adds Life, Light and Color to Main Thoroughfare

It was no ordinary occurrence when the Sequoia theatre opened its doors to the public on Tuesday night.

The promoters of the enterprise make the very modest claim of its being the best theatre between San Jose and San Francisco.

Another estimate would be that, taken from San Diego to Seattle, there might be another theatre with equally ideal surroundings. But if so we do not know where it is located.

Being in the civic center the new show house faces or is surrounded by the imposing buildings, fine lawns, noble foliage trees and exquisite shrubbery of the Carnegie library, the Sequoia union highschool, the Redwood City grammar school and Courthouse blocks. All these properties are highly improved and kept up to the minute.

The civic center as a whole is a beauty spot and cost over a million dollars to build. Nestled like a gem in this brilliant setting the Sequoia theatre adds the touch of life, light and color to complete the picture.

On Tuesday night Mayor E. H. Sampson made the opening address at the Sequoia. The people were glad to see our new chief executive, to have an opportunity to meet face to face this quiet man of principle.

Mayor Sampson's sketch of early day theatricals was both interesting and appropriate. It may be a surprise to many readers that the old Germania Hall, less than a hundred feet away, was for many years the show center of the city.

Well, time repeats itself. Martin Kuck's judgment as to location stands approved. The location is no experiment but of historic interest.

On the opening night the streets, sidewalks and theatre entrance were thronged with people. Many bright costumes added to the cheerful scene. Double rows of autos crowded the curbs. There was abundance of light.

These conditions are apt to continue, because the attraction is great. The festal spirit peculiar to a land of sunny skies prevails. A rising generation is coming on to whom all things are new. Entertainment must be provided—and the world of science, photography and art contribute to the demand.

Mr. Arkush its manager, and the promoters of this enterprise risked, say, twenty thousand dollars on their venture before the curtain raised on the first night. That shows confidence in the town and community at large.

A spectator, on the contrary, is elegantly housed, comfortably seated, enjoys a musical treat and feast of color, a first-class screen production by celebrated film actors, and—risks nothing. To the spectator all is clear gain.

The first performance featured the charming actress Mary Pickford in "Hulda from Holland." Wednesday and Thursday—Kathlyn Williams and the entire "Spoilers" cast in "The Ne'er Do Well". Friday night—"God's Country and the Woman," a drama of the Northwest. Each program also included a Keystone comedy. To-night—Theda Bara as Cigarette in the massive production, "Under Two Flags".

This brief list illustrates somewhat the range of entertainment provided in the new Broadway theatre just opened.

### Petition to Invest Funds

Daniel P. Flynn, trustee of the Henrietta I. Selby estate, through his attorney, E. F. Fitzpatrick, yesterday petitioned the superior court for an order to invest funds that have come into his hands of the trustee for the sale of real property. The petition alleges that the sum of $52,300.10 has been realized from the sale of a portion of the realty held by the Selby estate at Atherton, that large sums will be received from time to time from the sale of the property and it may be years before all the realty is disposed. According to the decree of distribution of the estate of Thomas H. Selby all funds thus received must be invested for the benefit of Mrs. Selby. The petition states that the trustee has an opportunity to invest $35,000 of the funds in a mortgage at interest at the rate of six per cent per annum.

### CARD OF THANKS

Mr. and Mrs. Latham McMullen have closed their home here and have gone to the city to occupy their residence there for the winter months. They accupied the Dr. Wilson home at Atherton all summer and have reengaged the place for the next season.

In the ups and downs of the poultry business, a choice lot of birds have been secured and will be on sale at the Hall of The Nativity, this evening. Chickens, ducks, turkeys, geese and prize pigeons may be had at prices far below the market values. Your chance to restock your yards or secure a real dinner.

Mrs. Clarence Payne was admired at the Pool dance on Saturday. She is exceedingly chic and is remarked for her gowns, which are always the latest from New York and Paris. The Payne baby is of interest to the residents of Menlo as he rides by daily in the Payne motor accompanied by two nurses dressed in English fashion and two liveried men on the box.

Moving Pictures, Children! Think of it. And they are specially prepared for you and will be given at the Hall of The Nativity this afternoon. The cutest, the funniest pictures you ever saw. And while you are looking at the pictures, you will have peannuts to eat and candy and cornucopias and so many good things you won't know which to make your mother buy first. Tell you mothers if you are not there, you'll be about the only ones absent.

A special musical service will be held at the Presbyterian church, Sunday evening at 7:30 o'clock. Besides selections by local talent and congregational singing, there will be choice talent from Palo Alto, as follows: Solo by Geo. W. Mosher, Mrs. Floyd Mercer; a duet by William H. Couch and wife; and selections by the Olsen-Werry quartette. Mrs. Ethel Couch will give several original readings with musical accompaniments. A rare treat is offered to which everybody is invited.

Miss Clara Scheeline, the pretty daughter and only child of Mr. and Mrs. S. C. Scheeline, was the motif of numerous parties during the week in celebration of her eighteenth birthday. Last Saturday evening a dinner was given in her honor at the St. Francis in San Francisco and after the affair Miss Scheeline and her friends motored down to Atherton to enjoy a dance and midnight supper at the home of the grandmother of the young lady, Madame Fleishhacker. On Monday Miss Scheeline with a party of friends motored down to Congress Springs to complete three days' celebration with a picnic. Miss Sheeline is an accomplished young woman with a host of friends about the bay district. She is popular with all society leaders.

Bertrand Blanchard, a resident of Menlo Park for over thirty years, passed away at his home on Santa Cruz avenue early last Sunday morning after an illness of but a few days. Mr. Blanchard was the pioneer butcher of this place having opened a shop here over 25 years ago. He had retired from the butcher business many years ago. The deceased was a native of France, aged 80 years. Mr. Blanchard was a hard-working, industrious man frugal in his habits and temperate in his tastes. He was strictly honest, his word being as good as his bond. At one time Mr. Blanchard was a large property owner, but by unwise speculation his fortune dwindled. Mr. Blanchard was held in high esteem by the people of this community. Besides his wife he is survived by a large family of adult children. The funeral took place on Tuesday from the Church of The Nativity. The interment was in Holy Cross cemetery, Menlo Park.

### JUDGE BUCK MAKES SPECIAL CALL FOR GRAND JURY

Judge Buck on Thursday issued a call for the grand jury to meet at the courthouse on Tuesday ,September 19, at ten o'clock. This is about two months earlier than usual and the cause for this early calling of the grand jury was not explained by the court. The grand jury is usually impaneled about the middle of November. It is thought in certain circles that matters demanding rigid investigation must have come to the attention of the court. Judge Buck has declined to comment upon his action. The thirty citizens from whom the grand jury of nineteen will be drawn are as follows:

First Township—James S. O'Brien, manufacturer, Daly City; David Arata, contractor, Colma; Henry Geilfuss, retired, Colma; Thomas Harrison, blacksmith, Colma; Claude B. Daneri, painter, San Bruno; Frank I Valentine, carpenter, San Bruno.

# TOWN TAX RATE SAME AS LAST YEAR

## Prepared Plans Ordered for a Complete Drainage Service for Redwood Highlands

The tax rate of $1.50 for old town and $1.45 for the "annex" was set by the board of town trustees convened in adjourned session Monday evening. These rates are practically the same as those set last year. With an assessed valuation of $1,182,535 for old town and $1,127,550 for the "annex" this will yield $34,070.36 for the annual expenses of running the municipal government. Of this amount $15,487.78 will go to paying interest and bonds falling due during this fiscal year. The different rates for the two parts of the city is caused by two old bond issues of the city before the "annex" was voted in. $1,15504 will be raised for the library fund which is somewhat less than usual, reduced this year because of a large growing balance in that fund. The general fund will receive $18,134.16 from which are paid the incidental expenses of conducting the town government.

The assessed valuation of the city shows a gain for the year of $82,000 or a four per cent increase. Of this amount 85 per cent was in the "annex" which includes the newer portions of town.

Because the lowest bidder did not provide sufficient bond to cover his contract the matter of awarding the contract on street work in Wellesley Park was laid over until September 5th. The bids opened for the work were as follows:

T. C. Rice ..... $14,764.31
Western Motor Dray Co 14,079.05
A Hess and Co. ..... 12,047.05

Since Lee Clark and C. Hynding had not settled their differences over a liquor license for the Redwood City House bar, the board decided to give them until September 1st when if the matter is not settled the place will be closed.

Plans and specifications were ordered prepared for culverts for a complete surface drainage system for Redwood Highlands. The main arteries for the system will follow Whipple and Brewster avenues and across the railroad track and to the creek. The plan was acceptable to a number of prominent residents of the Highlands who were present at the meeting. The situation will be delt with before the heavy rains of this winter.

Trustee Tuchsen will have the aid of a competent landscape gardener in preparing plans for parking the city hall grounds.

The board went on record as endorsing the plan of constructing a vehicular bridge across the bay at Dumbarton for a branch of the Lincoln Highway as a direct route from east to west for the transcontinental automobile traffic to pass through Redwood City and up the peninsula to San Francisco. The enthusiasm for the project already shown and benefits to be derived were clearly brought before the board by F. H. Drake of the Chamber of Commerce. Mr. Drake showed the need of cooperation from all the cities along the line. A motion introduced by Trustee Merrill endorsed the project, pledging the support of the town to the project in every manner possible.

The Pacific Gas and Electric Company was granted permission to make contacts on city poles on Jefferson street between Elwood and Blaine in extending their lines.

That all electric wires were strung according to a ruling of the Railway Commission was the report of City Electrician Ryan in response to an inquiry by the Commission.

The board adjourned until Tuesday evening, September 5th as Monday evening, their regular meeting night falls on a holiday.

### PASSENGERS WARNED

The local station agent has received the following communication from the president of the Southern Pacific to be published for the benefit of its patrons: "Notify passengers that unless they can reach their destinations by Monday, September 3 they may be subjected to perplexing delays." This letter has been sent out in anticipation of the strike by railroad employees. Yesterday all commuters refrained from purchasing monthly tickets, fearing that the trains would not run next week. Should the strike be called the people of the peninsula will not be subjected to no great inconvenience as the jitnies will carry all the patrons. The Rapid Transit buses would also accomodate a large number of travelers.

### ROBERT OXNARD HOME SOLD

The beautiful Robert Oxnard home on the foothills back of Redwood City and one of the show places of the peninsula, was sold during the week to A. D. McBryde, the well-known contractor of San Francisco who maintains a handsome home at Saratoga. Mr. McBryde finds it inconvenient to commute to the latter place and decided some time ago to get near the city. He will move his family here early next week and will reside here permanently, commuting to the city every day. The Oxnards, who live here only a few months in the year, have already moved away to their city residence. Mr. McBryde is very wealthy. He intends improving his new home by the expenditure of large sums of money.

Dr. R. E. Hoffman and Principal H. C. Hall of the local grammar school have organized a patrol of Junior Scouts of which the genial doctor is to be the head and leader. Neither of the organizers is so old that he has forgotten that he, too, was once a boy; both are very popular with boys and will manage the undertaking most creditably. The membership is made up of boys under twelve who on account of this dificiency in years are disqualified from joining the regular organization of Boy Scouts. The Boy Scouts movement is a very praisworthy one and should be encouraged and fostered. It has not in the remotest manner anything to wo with begetting a spirit of militarism, yet it will encourage a spirit of manliness and self reliance. It inculcates wholesome obedience toward superiors (a quality wofully lacking in Young America), of resourcefulness and of helpfulness toward those who may need assistance—in short it maintains a healthy soul within a healthy body. All this is done not under compulsion which might arouse a spirited boy's antagonism, but in a spirit which appeals both to the sense of honor and to the imagination of a healthy normal boy. The ideas developed in play will become firmly fixed—thus is spirit of true democracy fostered. An effort is also being made to organize the older boys of town into a regular patrol of the Boy Scouts.

### Vallemar

Mr. and Mrs. C. B. Rich motored to Montara yesterday and visited the home of Mrs. Frank Littlefield.

Mr. Williams of Moss Beach is retinting and painting the home of Mrs. J. C. B. Hibbard. Her beautiful home will be one of the prettiest of the coastside when the lawn and flowers are showing their colors against the background of the old brown of the house.

The Calara Valley Realty Company has moved their office building to a new site and are remodeling it for occupancy at once.

Mr. and Mrs. Scott Simons took their usual motor trip Sunday.

Dr. Charles K. Small and wife of Moss Beach were Vallemara visitors Sunday.

The county is grading the road leading from Rockaway to Vallemar Acres.

F. Dalrymple and family were at Farallone Saturday and Sunday. At the whist tournament, Dalrymple and Maudlin had a great fight for the prize. Frank at the last hand, got the score and the prize. Maudlin has challenged Dalrymple for another game, determined to hold the honors himself.

The deer hunters are at Vallemar are trying to catch another meal of venison. Go to it, boys!

Mrs. and Miss Numan of San Francisco were visiting with Mrs. Judge Hebberd this week.

With sorrow we hear of the death of Mrs. Eva S. Cureton in San Jose August 16th. Ill health had been attending her for some months. She was the first teacher in the former schoolhouse at Montara-Farallone.

Mrs. Frank Littlefield was a Vallemar visitor this week.

Scott Simons and wife went cycling to the Santa Cluz mountains and had a splendid trip.

## President Wilson on Prohibition

President Woodrow Wilson has never approved of the plans of state wide prohibitionists. But he does heartily approve the local option system which has served California so well.

*He says:*

*"I am in favor of local option. I am a thorough believer in local self-government, and believe that every self-government community which constitutes a social unit should have the right to control the matter of the regulation or of the withholding of licenses."*

**Did you ever notice how few men of any large experience in our governmental affairs are in favor of Prohibition? And have you noticed how many like President Wilson, believe that local option rather than prohibition is the solution of the problem?**
